

Purchasing British (BS), European (EN) or International Standards (ISO) on-line from BSI

There are now two methods to purchase national or international standards - *online* or *traditional paper copies* through the post from the BSI Chiswick HQ. If you use a credit card you can obtain your electronic copies from BSI immediately, whereas paper copies take a few days. (Paper copies are no longer strongly bound, they are now hole punched and loose-leaf A4)

If you know the standard number, enter it into Search **BSI site** without spaces or letters, eg. 1133

If you don't know the number, enter keywords into Search **BSI site** eg. Pallet repair

The Web-Link to the BSI shop is www.bsigroup.com/en/Shop/
